

How to Download and Install the Training Modules

Step 1 – Select a download type (PowerPoint or Articulate)

Study Aids	Download Study Aids	(msi, 11.2 MB)
Training Module 1	Download PowerPoint Version	(msi, 6.56 MB)
	Download Articulate Version	(msi, 2.82 MB)
Training Module 2	Download PowerPoint Version	(msi, 3.75 MB)
	Download Articulate Version	(msi, 2.08 MB)
Training Module 3	Download PowerPoint Version	(msi, 9.19 MB)
	Download Articulate Version	(msi, 6.21 MB)
Training Module 4	Download PowerPoint Version	(msi, 5.18 MB)
	Download Articulate Version	(msi, 2.00 MB)

Step 2 – When the download dialog is displayed, select “**Save**”. This will download and save the module installation file to your computer. Saving the installation file to your computer will permit you to reinstall the software without having to download it again from the ctReferee website.

Step 3 – When the file download is complete, select “**Run**”. This will install the training software on your computer. Shortcuts will be created on your desktop and in your start menu to provide you with quick access to the training module and study aids and references. Follow the instructions presented in the installation dialogs. If you accepted the default locations contained in the installation, your software will be installed as show below:

Articulate Version

C:

- \Program Files --- or --- \Program Files (x86)
 - \CSRP
 - \Referee Training Module 1 – Articulate\player.html
 - \Referee Training Module 2 – Articulate\player.html
 - \Referee Training Module 3 – Articulate\player.html
 - \Referee Training Module 4 – Articulate\player.html

PowerPoint Version

C:

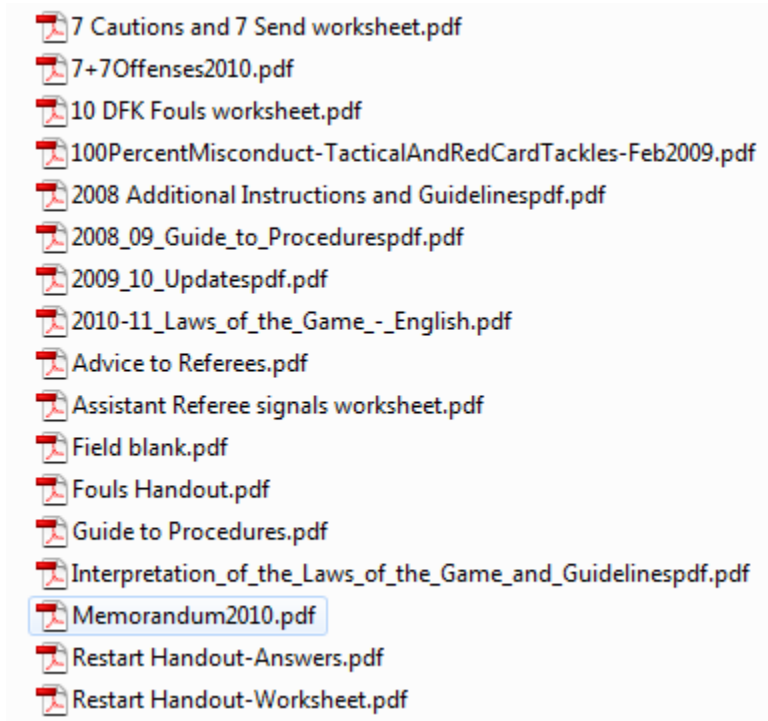

- \Program Files --- or --- \Program Files (x86)
 - \CSRP
 - \Referee Training Module 1 – PowerPoint\G8-Module-1.pps
 - \Referee Training Module 2 – PowerPoint\G8-Module-2.pps
 - \Referee Training Module 3 – PowerPoint\G8-Module-3.pps
 - \Referee Training Module 4 – PowerPoint\G8-Module-4.pps

Study Aids and Reference Materials

A series of study aids and references will be installed on your computer after downloading and running the Study Aids installation program. . If you accept the default locations contained in the installation, your software will be installed as shown below:

C:

- \Program Files --- or --- \Program Files (x86)
- \CSRP
- \Study Aids

The study aids are Adobe Acrobat documents that can be viewed or printed for your use. The study aids support the instruction presented in the modules and will provide you with additional detailed information.

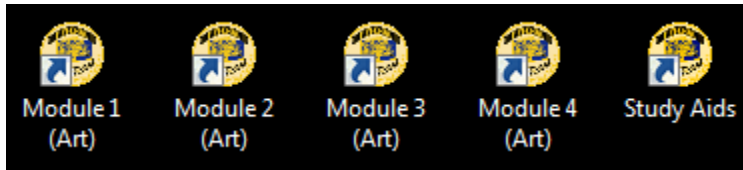

To view or download these files for future reference you will need to have Adobe Reader installed on your computer. You can obtain the software for free from www.adobe.com by clicking on the Adobe PDF Reader button to the left.

Getting Started

Click on the shortcut displayed on your desktop to activate a training module or view the study aids and other reference materials.
